

# CLUB OBSESSION

## Our rewards program

It doesn't matter if you visit us every month or a couple times a year, Club Obsession is designed to make each trip to our salon worth your while.

Maximize your hair salon experience

Enjoy a complimentary membership with Club Obsession when you visit us for the first time. You will automatically be enrolled into the program, entirely fuss free!

This means that you immediately start earning points after your first appointment.

How it works \$1

= 10 points

Example:

If you get a Creative Style Cut for \$89, you'll receive 890 points to use and can redeem it to get \$8.90 off your next service or package.

Revolutionising Salon Rewards Program

Compared to the other conventional reward programs, Club Obsession requires no fussy reward cards, or require you to visit a certain number of times. We take care of you with every visit.

We've done away with the traditional tiered system. You don't need to wait until you've spent enough money with us - the points you save can be redeemed on any service or packages from your next appointment.

So what are you waiting for? Start maximizing your hair salon experience with Club Obsession!

Unused points are forfeited 3 months from date of last visit. Cannot be used in conjunction with any other offer or redeemed for cash. Points cannot be redeemed for electrical items.
